

You are my sunshine

CHORUS

                  C                                  C7  
You Are My Sunshine, my only sunshine  
                  F                                  C  
You make me happy when skies are gray  
                  F                                  C  
You'll never know dear, how much I love you  
                                  G7                  C  
Please don't take my sunshine away.

                  C                                  C7  
The other night dear, as I lay sleeping  
                  F                                  C  
I dreamed I held you in my arms  
                  F                                  C  
But when I awoke, dear, I was mistaken  
                  G7                  C  
So I hung my head and I cried.

CHORUS

                  C                                  C7  
The other love you and make you happy  
                  F                                  C  
if you will only say the same  
                  F                                  C  
But if you leave me to love another  
                  G7                  C  
you'll regret it all someday

CHORUS

                  C                                  C7  
The other once dear you really loved me  
                  F                                  C  
and no one else could come between.  
                  F                                  C  
But now you've left me and love another  
                  G7                  C  
you have shattered all my dreams.

CHORUS

                                  G7                  C  
Please don't take my sunshine away.  
                                  G7                  C  
Please don't take my sunshine away.
